

SLAM! (OLSC) Basketball Academy 2009/10

Led by Douaine Anderson, Director of Basketball (SLAM! Basketball) and supported in partnership with the Our Lady & St Chad (OLSC), OLSC Sixth Form & Sports College, SLAM! Basketball, the Academy will offer opportunities for talented individuals to develop in basketball and sports development on a daily basis. Daily player/team workouts will be designed and delivered by an England Basketball certified coach to maximising their basketball and personal capabilities. Student-Athletes will be supported by Academy staff, specialist coaches, sports scientists and other specialists appointed by the Academy Director. All areas of physical, technical, tactical and psychological development will be supported as well as game knowledge, video analysis and a competitive programme appropriate to the player's development.

Academy students will choose from the wide range of academic and vocational courses, offered by OLSC Sports College. Student athletes will be expected to perform in the classroom, as well as on the basketball court. The aim of the Academy is to provide a safe elite-athlete environment similar to that found on mainland Europe and in the United States, where basketball is scheduled in students daily timetables along with their regular classes. Each student will have at least five-weekly team practices (prior to schooling, lunchtime, curriculum time and/or after school) including a number of individual sessions, depending on scheduling.

For more info contact Douaine Anderson on 07794490007 or douaine@slamwm.co.uk
